Place cooked shrimp in the Crystal hot sauce beurre blanc and toss until well coated.

Spread the five-pepper jelly onto a small serving dish or platter and alternately place shrimp and pickled okra on the jelly. Garnish with fresh herbs, such as parsley or dill, if desired.

Flagship of the Commander's Palace family of restaurants, managing partners Ti Martin and Lally Brennan keep the ambiance bright and flavors sparkling by using Creole ingenuity, commitment and a rich heritage of culinary expertise from the infamous Brennan restaurant clan.

Shrimp Henican was named for Joseph Henican, a long-time family friend, because Ti and Lally thought it would be amusing to name a shrimp dish after a gentleman who stands well over six feet tall.
